

## CAF America Effective Global Philanthropy

Charities Aid Foundation America (CAF America), a US 501(c)(3) nonprofit founded in 1992, works to change the culture of giving by making it safe, easy and effective for everyone to give globally. Our mission is to help US donors make strategic and focused philanthropic decisions which have a lasting impact on the needs of the global communities they support. CAF America is a member of the CAF International Network, which spans six continents and manages over \$4 billion in charitable funds.

As international giving from the United States has increased, so too has US donors' desires to work with trusted experts in global giving. Whether supporting small nonprofits working in developing countries in Africa, Asia, and Latin America, providing swift responses to major disasters, or helping to maintain connections between global communities, CAF America turns donors' visions into impact. Through partnership with individuals, companies, families, and private and community foundations, CAF America has given more than \$70 million to charitable organizations in over 75 countries around the world since 2001.

CAF America understands that in an increasingly interconnected world US donors are committed to making a difference. In doing so they want choice in how and where they give. US donors also want peace of mind in knowing that their support will have lasting impact. CAF America provides global giving solutions that are flexible and fit with donors' vision. Working with CAF America means benefiting from more than 15 years of international grant making expertise and a high level of personal service.
