

CAF America
Effective Global Philanthropy

Charities Aid Foundation America (CAF America), a US 501(c)(3) nonprofit founded in 1992, works to change the culture of giving by making it safe, easy and effective for everyone to give globally. Our mission is to help US donors make strategic and focused philanthropic decisions which have a lasting impact on the needs of the global communities they support. Through partnership with individuals, companies, families, and private and community foundations, CAF America has given more than \$150 million to charitable organizations in over 75 countries around the world since 2001.

As international giving from the United States has increased, so too has US donors' desires to work with trusted experts in global giving. CAF America is a member of the CAF International Network, which spans six continents and manages over \$4 billion in charitable funds. Whether supporting small nonprofits working in developing countries in Africa, Asia, and Latin America, providing swift responses to major disasters, or helping to maintain connections between global communities, CAF America turns donors' visions into impact.

CAF America understands that in an increasingly interconnected world US donors are committed to making a difference. In doing so

they want choice in how and where they give. US donors also want peace of mind in knowing that their support will have lasting impact. CAF America goes to great lengths to ensure that organizations it supports meet not only the donor's philanthropic goals but are in line with US rules and regulations, and adhere to 'best practice' international grantmaking. It is assurance that charitable donations are used safely and effectively.

As a member of the CAF International Network, CAF America offers global reach — connecting donors with local issues and needs and the nonprofit organizations that address them. Access to trusted expertise via regional CAF offices and a group of international consultants means that thorough, timely support and advice is always available.

CAF America's solutions eliminate barriers to global giving and facilitate tax effective, cross border gifts. As the bridge between US grant makers and foreign nonprofits, we help donors change the world. From expert advice and analysis about foreign nonprofits and societal issues, to safe and secure international grant making, we are your first choice for global giving.
