

Make supporting your organization easy

Place a Donate Now button on your website

One of the exciting benefits of eligibility with CAFAmerica is the ability for US donors to contribute to your organization online via credit card.

Below you will find code for a Donate Now Button. Embedding this code in your website allows donors to click on the Donate Now button to be directed to the online donations page. Contributing to your organization is as easy as the click of a button.

```
<!-- Start Cut-and-paste Code - DonateNow Button -->  
<a href="https://secure.groundspring.org/dn/index.php?aid=4752">  
</a>  
<!-- End Cut-and-paste Code - DonateNow Button -->
```

You must be eligible with CAFAmerica to receive grants as a result of online donations. If you are not already eligible please visit www.cafamerica.org to apply for eligibility online.
