

DONOR ADVISED GIFTS

Donor Advised Gifts (DAGs) are the perfect solution for US donors who want to give globally without establishing a Fund at CAF America. DAGs enable all types of US donors, including individuals, foundations, and corporations, to make single one-off donations as desired. With DAGs donors make a single tax-effective gift to CAF America and recommend that the funds be further granted to the foreign charitable organization of their choosing. CAF America can also recommend a charity that fits a donor's interests and philanthropic goals.

GIVE WITH CONFIDENCE

CAF America's industry-leading due diligence process and expertise in working with foreign charitable organizations ensures that grants are made to legitimate charitable programs and are used for their intended purpose. In addition, our rigorous vetting protocol allows us to work with charities on a 2-3 year eligibility period, so the organization does not have to apply for each grant and the donor is not charged the minimum vetting fee for each gift.
